### **Changes to Residential Energy Efficiency & Conservation Rebate Programs**

- Effective October 1, 2016, our residential energy efficiency & conservation rebate programs will be changing.
  - Home energy audits
  - Energy Star appliance rebates
  - Home efficiency incentive program
- A new program will be started and the existing program will expire at the end of 2016.
- If you are looking at scheduling a free home energy audit, buying energy efficient appliances or having energy efficiency improvement on your home, ask about the new program.
