Terms and Conditions

ELIGIBILITY: This program offers a rebate for the purchase of new energy efficient ENERGY STAR labeled clothes washer, refrigerator, air conditioner, dishwasher, dehumidifier, programmable thermostat or hybrid heat pump hot water heater. Residential customers, in the HMLD service area with an account in good standing, are eligible for rebates. The appliance must be purchased between January 1, 2016 and December 31, 2016. Limit: Rebates not to exceed \$300 for one hybrid heat pump hot water heater or \$150 for the other listed appliances per customer in calendar year. Applications must be filed by December 31, 2016. HMLD reserves the right to change any portion of this program or end this program at any time without notice.

QUALIFYING PURCHASES: Only new electric clothes washers, refrigerators, air conditioners, dishwashers, dehumidifiers, programmable thermostats and hybrid heat pump hot water heaters with the yellow ENERGY STAR EnergyGuide Label are eligible for this program and must meet energy efficiency requirements as specified. HMLD or its designated representative reserves that right to inspect or otherwise verify installation of the appliance energy efficiency requirements as specified. HMLD or its designated representative reserves that right to inspect or otherwise verify installation of the appliance.

REBATE AMOUNTS AND PAYMENTS: Rebate Applications will be processed as they are received. Please allow at least

4 to 6 weeks for processing rebate payment for qualified applicants.

VERIFICATION: ORIGINAL sales receipt indicating make, model, purchase date, purchase location and price and the yellow ENERGY STAR EnergyGuide Label must accompany a Rebate Application. Incomplete applications will be returned. Proof of payment maybe required.

DISCLAIMER: HMLD does not guarantee that implementation of energy efficiency measures or uses of the equipment purchased and/or installed under this program will reduce energy usage or reduce energy costs. HMLD makes no warranty, expressed or implied, with respect to any equipment purchased and/or installed including but not limited to, any warranty of merchantability or fitness for purpose. In no event shall HMLD be liable for any incidental or consequential damages.

ADDITIONAL INFORMATION: Additional information on HMLD's energy efficiency programs can be obtained by calling Energy New England at 888-772-4242.

MAILING ADDRESS: Mail (or bring in) completed Rebate Application with original receipt and yellow ENERGY STAR EnergyGuide Label to:

Energy New England,
100 Foxborough Boulevard, Suite 110,
Foxborough, MA 02035,
Attn: Energy Star Rebates

2016 Appliance Rebate Program

When you purchase an ENERGY STAR home appliance you can receive rebates, reduce energy consumption and help lower your electric bill.

Holden Municipal Light Department (HMLD) is offering our residential customers big savings through the end of the year.* HMLD encourages you to purchase ENERGY STAR labeled clothes washers, refrigerators, air conditioners, dishwashers, dehumidifiers and programmable thermostats to become eligible for rebates.

Every time you buy a home appliance you are making a decision that affects the environment. You can reduce energy consumption and save money by purchasing energy efficient models. And now, you can save even more money by taking advantage of the Energy Smart Home Appliance Rebate Program from HMLD, your locally-owned utility.

*HMLD's Rebate Program is effective January 1, 2016 through December 31, 2016, or when rebate program funds are expended.

What is ENERGY STAR

ENERGY STAR is the symbol for energy efficiency, as designated by the U.S. Department of Energy (DOE) and the U.S. Environmental Protection Agency (EPA). The ENERGY STAR label helps consumers identify products that are more efficient than comparable models.

The yellow ENERGY STAR EnergyGuide Label can be found on your appliances, computer equipment, photocopiers, home electronics, windows, doors and even on your house. Visit www.energystar.gov for more information on all the ENERGY STAR programs.

What defines an ENERGY STAR Appliance

ENERGY STAR Clothes Washer: Uses 50% less energy than other models, saving you money all year long in energy and water costs. These washers use faster spin speeds so clothes require less drying time, saving an additional 25% on the clothes dryer energy used.

ENERGY STAR Refrigerator: Requires approximately half as much energy as a 13-year old model, which can reduce your electricity bill each month.

ENERGY STAR Room Air Conditioner: Must use at least 10% less energy than conventional models. That saves you money on your electric bill!

ENERGY STAR Dishwasher: Uses 25% less energy than the federal minimum standard for energy consumption and uses much less hot water. It can save you \$100 over its lifetime!

ENERGY STAR Dehumidifier: A qualified 40-pint dehumidifier can save you roughly \$20 per year; this can add up to \$200 or more over the ten-year life of the unit. This could be enough to cover the original cost of the dehumidifier!

ENERGY STAR Programmable Thermostat: There are numerous advantages to switching your manual thermostat to an energy efficient programmable type. You can save energy and energy dollars by automatically adjusting the heat to run only when you need it.

ENERGY STAR Hybrid Heat Pump Hot Water Heater: a qualified Hybrid Heat Pump Hot Water Heater has a higher seasonal energy efficiency ratio (SEER) and efficiency ratio (EER) rating, and a higher seasonal performance factor (HSPF) than standard models, making them about 9% percent more efficient than standard new models and 20% more efficient than what you may currently have in your home.

How do I qualify for rebates from HMLD?

To qualify for a rebate, you must have an account with HMLD in good standing, you must purchase a new clothes washer, refrigerator, room air conditioner, dishwasher, dehumidifier or programmable thermostat with the yellow ENERGY STAR EnergyGuide Label, and it must be installed within the HMLD service area before the end of the year**.

These rebate amounts by appliance are listed below:

TYPE	REBATE
ENERGY STAR Clothes Washer	\$ 50
ENERGY STAR Refrigerator	\$75
ENERGY STAR Room Air Conditioner	\$ 25
ENERGY STAR Dishwasher	\$ 25
ENERGY STAR Dehumidifier	\$ 25
ENERGY STAR Programmable Thermostat	50% (up to \$25)
ENERGY STAR Hybrid Heat Pump Hot Water Heater	\$ 300

Program Steps:

1. When shopping for your new appliance, look for the yellow ENERGY STAR EnergyGuide Label. Information is also available at area appliance dealers and on the Web at www.energystar.gov.

2. In order to receive a HMLD Energy Star Appliance Rebate Application, please go www.holdenma.gov/light-department.com and click on Appliance Rebate Application or call the Energy Hotline at 888-772-4242 to request an application.

3. ***Purchase a qualifying ENERGY STAR appliance between January 1, 2016 and December 31, 2016. Limit: Rebates not to exceed \$300 for one hybrid heat pump hot water heater or \$150 for the other listed appliances/per customer in calendar year.

4. Complete the Rebate Application, attach the sales receipt (copies accepted) showing the date, retailer, brand name, and model of qualifying appliance include the Energy Guide Label. Mail to: Energy New England, Attn: Energy Star Rebate, 100 Foxborough Boulevard, Suite 110, Foxborough, MA 02035.

Note applications with complete paperwork must be received by 1/31/16.

5. Rebate will be applied as a credit to your HMLD electric account. Please allow at least 4-6 weeks for processing.

6. HMLD reserves the right to inspect the installation premises or otherwise verify installation of the appliance.

** This program is effective from January 1, 2016 through December 31, 2016, HMLD reserves the right to change any portion of this program or end the program at any time without notice. Limit: Rebates not to exceed \$300 for one hybrid heat pump hot water heater or \$150 for the other listed appliances/per customer in calendar year.
