

ADDENDUM NUMBER 2

TO

NOTICE OF BID

SIDEWALK INSTALLATION AND ROAD PAVING

FOR THE

TOWN OF HOLDEN, MASSACHUSETTS

TO: ALL BIDDERS

DATE: June 22, 2023

GENERAL INFORMATION TO BIDDERS

Please acknowledge receipt of this addendum on the BID FORM of the Bid Package.

ADDENDUM ITEMS

The following supplements and/or supersedes the bid package for the project as follows:

1. Replace the Bid Form Sheets, Page 1 through 5 of the original Bid with attached revised Bid Form Sheet pages.

Questions and Answers

1. The base price for liquid on the Price Adjustment page of the addendum lists a base price of \$535.00, however the original bid package stated \$657.50, which was the actual MDOT price as of the bid notification. Could you please confirm what liquid base price should be used for this bid??

Answer - The base price for liquid asphalt has been corrected to 657.50 per ton. The revised bid form sheet, page 5 of 5 in this addendum reflects this correction.

The quantities shown in the Bid Form are approximate only, being given as a basis for the comparison of bids and to determine the approximate amount of the consideration of the contract. The bidder will be required to complete the work specified whether the required quantities are more or less than the amounts herein estimated without any change in the contract unit price. The final payment will not be made until the work is so completed.

The undersigned certifies under penalties of perjury that this bid is in all respects bona fide, fair and made without collusion or fraud with any other person. The term "person" shall mean any natural person, joint venture, partnership, corporation or other business or legal entity."

The undersigned further certifies that (1) he is able to furnish labor that can work in harmony with all other elements of labor employed or to be employed in the work; (2) that all employees to be employed at the worksite will have successfully completed a course in construction safety and health approved by the United States Occupational Safety and Health Administration that is at least 10 hours in duration at the time the employees begin work and who shall furnish documentation of successful completion of said course with the first certified payroll report for each employee.

*Your Social Security Number or Federal Identification Number will be furnished to the Massachusetts Department of Revenue to determine whether you have met tax filing or tax payment obligations. Proposers who fail to correct their non-filing or delinquency will not have a contract or other agreement issued, renewed, or executed. This request is made under the authority of M.G.L. Ch. 62C, §48A.

Price Adjustment For Hot Mix Asphalt Mixtures

This price adjustment is inserted in the contract because the national and worldwide energy situation has made the future cost of fuel unpredictable. This adjustment will provide for either additional compensation to the Contractor or repayment to the municipality depending on an increase or decrease in the average price of liquid asphalt.

This provision applies to all hot mix asphalt mixtures containing liquid asphalt.

The Base Price of liquid asphalt is a fixed price determined by MassDOT at the time of the bid using the same method as the determination of the Period Price detailed below. The Base Price shall be used in all bids. The Base Price for this Bid is \$657.50 per ton of liquid asphalt (May, 2023).

The price adjustment will be based on the variance in price for the Liquid Asphalt component only from the Base price to the Period Price. It shall not include transportation or other charges.

The Period Price for Hot Mix Asphalt for a two month period (FOB Terminal) will be determined and published by the Massachusetts Department of Transportation (www.massdot.state.ma.us/Highway) by averaging the prices posted at the beginning, middle, and end of each two month period by two or more suppliers.

The Contract Price of the Hot Mix Asphalt Mixture will be paid under the respective item in the contract. The price adjustment, as herein provided, upward and downward, will be made as work is performed, using the most recent previous price adjustment Item until the applicable Period Price is established.

The asphalt content for Hot Mix Asphalt Mixtures shall be 5.5% (0.055) by weight regardless of percentages established by the Job Mix Formula as described in Material Section M3.11.03 of the Standard Specification.

The Price adjustment will be a separate payment item. It will be determined by multiplying the number of tons of Hot Mix Asphalt placed during each previous two month period by asphalt content percentage (0.055) times the variance in price between Base Price and Period Price of asphalt.

No price adjustment will be allowed beyond the completion date of the contract, unless there is an approved extension of time by the municipality.
