Hot Work Permit Program

In accordance with the requirements of the Massachusetts Fire Prevention Regulations 527 CMR 41 and OSHA 29 CFR 1910.252, a Hot Work Permit is required for the following activities: brazing, cutting, heating, soldering, welding or similar type work. The intent of this program is to prevent injury and loss of property from fire when using heat producing equipment such as heat guns, soldering tools, oxy-fuel gas and electric arc cutting and welding equipment. Whenever possible, seek an alternative, safer method.

A person or company performing burning, welding, or cutting operations shall obtain a permit from the Holden Fire Department. The permit shall specify the time and exact location of the work to be performed, the nature of the work to be done, and any special precautions to be taken during the work.

Prior to the issuance of the permit, the applicant shall provide written authorization signed by the property owner describing the scope of work and specific locations where the work is to be performed (527 CMR 41.1)

The Holden Fire Department (AHJ/ PAI) will review the permit request and determine if a paid fire detail will be required. When a paid fire detail is required or requested, a minimum notice of 24 hours shall be provided.

The permit fee is \$25, checks are to made out to "Town of Holden." Permits, written authorization and fee should be brought to Holden Fire Headquarters at 1370 Main Street Holden, MA 01520 during normal business hours.

All work shall be done in accordance of 527 CMR 41 and OSHA 29 CRF 1910.252 regulations. As of July 1, 2018 all Hot Work Operators shall have a valid Hot Work Safety Certification.
