

HMO BLUE SELECT

Great Coverage,
Even Greater Savings.

The HMO Blue Select health plan has a limited provider network. This network is smaller than the Blue Cross Blue Shield of Massachusetts HMO Blue provider network. Under this plan, members have access to network benefits from only the providers in the HMO Blue Select network.

Need help?

For help determining which providers are included in the HMO Blue Select network, check the most current provider directory, or visit Find a Doctor at bluecrossma.com/findadoctor and select "HMO Blue Select".

WHAT IS IT?

A lower-cost, limited-network plan design, providing comprehensive care from the brand you trust.

HOW DOES IT WORK?

HMO Blue Select works like a traditional HMO, but with a limited set of network providers that deliver savings to both you and your employees.

This HMO Blue Select network includes doctors, facilities, and specialty hospitals that are recognized for providing lower-cost care. With HMO Blue Select, members still require referrals for access to specialists and are also required to select a primary care provider. To get the most out of their plan, members should use the more cost-effective providers in the HMO Blue Select network, except in an emergency when they should go to the nearest medical facility.

HOW YOU SAVE

Getting the most value out of your plan is simple—your employees get care at lower-cost providers in the HMO Blue Select network. The savings will be reflected in lower health care costs for you.

Key Features	Your Advantages
Members have access to a local provider network of cost-effective doctors and hospitals they recognize and trust.	A Limited Network with Great Value HMO Blue Select features a smaller and very attractive provider network with recognized Massachusetts doctors and hospitals, as well as specialty pediatric, eye, ear, and cancer hospitals, keeping employer and employee affordability in mind.
Hospitals are aligned with provider networks to improve network use.	A Seamless, Low-Cost Experience HMO Blue Select offers a full range of network services by tailoring the network to include doctors and the hospitals they typically refer, to ensure an end-to-end, low-cost advantage.
Predominantly, HMO Blue Select providers are contracted in our results-based accountability model.	Results-Driven Provider Relationships We're focused on results, and we're supporting and motivating providers to deliver care that works better.
You can lower benefit costs without having to increase employee cost-sharing responsibility.	Same Employee Cost Sharing with Lower Costs HMO Blue Select offers employees noticeably lower health care costs when compared to a similar full HMO network plan, without increasing their cost sharing. As a result, accounts can keep the same benefit plans and pay less in costs.
In the case of emergencies, members have national access to the nearest medical facility without network restrictions.	In Emergencies, Nationwide Access HMO Blue Select allows members, whether they're traveling or on vacation, to see providers nationwide for emergency and urgent care.
The same great service from the brand you trust.	Lower Cost. Excellent Service. Trusted Brand. You and your employees will receive the same high levels of service and support that you've come to trust from Blue Cross.
